Dear Maro,

Thank you for organising our recent team building event in Dubrovnik. I have received a lot of feedback from the participants, and the overwhelming opinion was that the team building was great fun to complete, and the evening gala dinner was certainly the highlight of the conference. As you know, we hold this meeting every two years and our objective was to provide a better team building challenge than our last conference, and we easily achieved this.

Your team did a great job in editing the movies within the timeframe, and the finished product was very professional. The movies will be remembered for a long time to come and provided the ideal environment to enhance our team spirit!

Yours Sincerely,

Brian Abrahart
